Tenders or requests to participate must be submitted to the address mentioned above.

I.6) Main activity

Other activity: Supplementary service for water transport.

Section II: Object

II.1) Scope of the procurement

II.1.1) Title:

Purchase of holiday ships (houseboats, canal boats) and international marketing for their lease in the framework of the "Programme on providing the basics and the background of the river cruising in Hungary".

II.1.2) Main CPV code

34512000

II.1.3) Type of contract

Supplies

II.1.4) Short description:

The aim of this procurement is the purchase of 20 brand new holiday ships (houseboats, canal boats) of the same series with a plastic hull, flying bridge and 2-3-4 cabins. Also including the transportation of the ships to the locations indicated by Buyer, training services regarding the operation and maintenance of the holiday ships.

The offered holiday ships are required to be internationally recognized with the following conditions: advertised in Bidder's own sales system (with all the elements listed: own website, online reservation system and brochures in multiple languages, international distribution network), operating in at least one country with two base harbours as a part of a fleet with the aim of lease. Bidder is required to advertise the sold holiday ships in its own international sales system with the aim of lease for a minimum period of 3 years from the day the contract enters into force.

The main purpose of Buyer is purchasing, operating and leasing a fleet of holiday boats in Hungary with two base harbours.

II.1.5) Estimated total value

II.1.6) Information about lots

This contract is divided into lots: yes
Tenders may be submitted for all lots

II.2) Description/1

II.2.1) Title:

Purchase of 10 holiday boats and the related international marketing for their lease from the 2018 budget of the Project.

Lot No: 1

II.2.2) Additional CPV code(s)

34512000

79998000

79340000

II.2.3) Place of performance

NUTS code: HU11

NUTS code: HU311

NUTS code: HU312

Main site or place of performance:

Budapest, postal code: 1101; Tokaj, postal code: 3910; Kisköre, postal code: 3384.

II.2.4) Description of the procurement:

Purchase of 10 new holiday ships (houseboats, canal boats) of the same series with a plastic hull and flying bridge. 4 vessels with 2 cabins, 2 vessels with 3 cabins and 4 vessels with 4 cabins including the transportation of the ships to the locations indicated by Buyer.

The objective of this procurement is the purchase of holiday ships from series advertised in Bidder's own sales system (with all the elements listed: own website, online reservation system and brochures in multiple languages, international distribution network), operating in at least one country with two base harbours as a part of a fleet with the aim of lease at the date of dispatch of this contract notice starting the procurement procedure. Bidder is required to prove it in the offer.

Parameters of requested holiday boats (houseboats, canal boats):

- new vessel,
- CE certificate,
- certificate of gas and pressure test in shipyard,
- shock protection certificate of 220V system,
- UV protected polyester material (for easier repairing and longer life),
- monohull,
- with bow thruster helping manoeuvring,
- power driven by inboard boat engine with gasoil,
- 50-100 HP (for 8-12 km/h speed),
- shaft line axial,
- hydraulic steering,
- thickness of the deck, hull and walls min. 12mm,
- built in battery charger min. 25 Ah,
- generator min. 100 Ah,
- water draught max. 1m,
- 10-15m length,
- air draught max. 3,3m (from waterline),
- width max. 4m,
- inside and outside steering position (steering from inside and from deckside too),
- for inland waterways (sweet water),
- with protective PVC stripes on hull,
- passenger capacity 2-12 people,
- capacity of comfortable double beds each cabin,
- in saloon seating furniture and table - optionally convertible into bed,
- min. 1 (in 2 and 3 cabs boat) and min. 2 (in 4 cabs boat) inside head with shower, washbasin and with warm water, electrical toilette, mirror,
- rev meter (engine RPM indicator), engine hour meter, rudder angle indicator, fuel indicator, sweet water indicator, black water indicator, grey water indicator, Volt meter,
- sound proof engine compartment,
- automatic bilge pump,
- electrical windscreen wiper,
- 4 cleats,
- boat horn,
- closed storage place,
- led lighting,
- reading lamps in cabins,
- mosquito net and blinds on hatches,
- cockpit shower,
- bathing ladder,
- fenders ball shaped 3 pieces,
- fenders cylindrical 14 pieces,
- cockpit table and chairs,
- hammer,

- spikes 2 pieces,
 - waterhose, bucket, boat brush, floor clothes,
 - complete kitchen with gas stove, fridge, sink with warm water,
 - warm water waterheater min. 50 litres,
 - interior watertank min. 400 litres capacity,
 - interior fuel tank min. 250 litres,
 - organic waste tank for fekalia - black water min. 200 litres,
 - tank for grey water (bathing and kitchen washing water) min. 200 litres,
 - 220V shore power cable,
 - boat interior heating (independent of 220V) from diesel in cabins, in head and saloon,
 - manual anchor winch,
 - CD/MP3/radio USB connection,
 - 220V inverter,
 - 12V outlet,
 - TV/DVD player,
 - kitchen equipment and bedlinen,
 - user manual in Hungarian language,
 - with nautical equipment as per inventory list no.5 obligatory on Hungarian inland waterways,
 - maintenance and repair kit for the fleet,
 - the boats has to meet the regulations of Hungarian National Transport Authority,
 - creating factory wiring for VHF/RIS/GSM/WiFi/alarm device (without actual devices).
- The trainings are for the harbour personnel, one week in the factory and one week on the Hungarian location.

Bidder is required to advertise the sold holiday ships in its own international sales system (with all the elements listed: own website, online reservation system and brochures in multiple languages, international distribution network) with the aim of lease for the Hungarian destinations for a minimum period of 3 years from the day the contract enters into force.

In this stage of the tender a professional offer has to be submitted that includes the make and type of the holiday boats offered and the verification that the offered boats correspond the required parameters listed above.

II.2.5) Award criteria

Criteria below

Quality criterion - Name: The additional time period of warranty offered above the mandatory warranty of 12 months (additional 12 months at the most) / Weighting: 10

Quality criterion - Name: The additional time period of providing spare parts for the boat above the mandatory time period of 10 years. (additional 10 years at the most) / Weighting: 10

Price - Weighting: 80

II.2.6) Estimated value

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start: 01/10/2018

End: 01/05/2019

This contract is subject to renewal: no

II.2.9) Information about the limits on the number of candidates to be invited

II.2.10) Information about variants

Variants will be accepted: no

II.2.11) Information about options

Options: no

II.2.12) Information about electronic catalogues

II.2.13) Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14) Additional information

Time and place of opening requests for participation:

2018/05/18, local time: 10:00 AM

1211 Budapest, Weiss Manfréd út 5-7., MAHART Zrt. Secretariat of CEO

Submitting request for participation is expected to be done non-electronically.

Opening requests for participation is in accordance with Hungarian regulations (Articles 68(3) and 68(5)-(6) of the Hungarian Act CXLIII of 2015 on Procurement).

Time and place of opening requests for participation:

2018/05/18, local time: 10:00 AM

1211 Budapest, Weiss Manfréd út 5-7., MAHART Zrt. Secretariat of CEO

Submitting request for participation is expected to be done non-electronically.

Opening requests for participation is in accordance with Hungarian regulations (Articles 68(3) and 68(5)-(6) of the Hungarian Act CXLIII of 2015 on Procurement).

Section III: Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Buyer does not specify any requirements – according to Article 65(1)(c) of the Hungarian Procurement Act – for being registered in the country of the economic operator, being a member of a Professional Chamber or for having a proper licence.

III.1.2) Economic and financial standing

List and brief description of selection criteria:

Buyer arranges the control of meeting the minimal requirements in two stages. Buyer is obliged to accept the declaration found in the European Single Procurement Document as the preliminary verification of the requirements. In case of joint participation each of the participants and organizations attesting competence is required to submit a separate European Single Procurement Document. Prior to making final decision on the result of this procedure Buyer – according to Article 69(4) of the Hungarian Procurement Act – notifies all the participants to submit all the certificates needed.

Buyer calls attention to the application of the following provisions: Article 24(1) of the Hungarian Government Regulation 321/2015 (X.30.) and Articles 65(6)-(7) of the Hungarian Procurement Act.

Buyer calls attention to the content of Article 65(9) of the Hungarian Procurement Act.

Certificate:

Concerning both lots: P.1. According to the Articles 19(1)(c) and 19(5) of the Hungarian Government Regulation 321/2015 (X.30.) candidates for this procedure are required to attach a declaration containing the total amount of turnover originating from the activities that are parts of this procurement (production and/or sales and/or leasing holiday boats as a part of a fleet) – VAT excluded – concerning the three financial years with balance sheet dates immediately preceding the notification about commencing this procedure in case this data is available and also depending on the date the candidate company has been established or started its activity.

Buyer calls attention to the content of the Article 19(3) of the Hungarian Government Regulation 321/2015 (X.30.).

In case the candidate does not have the data on the total amount of turnover concerning the three financial years with balance sheet dates immediately preceding the notification about commencing this procedure, the amount of its net turnover from starting its activity originating from the activities that are parts of this procurement (production and/or sales and/or leasing holiday boats as a part of a fleet) has to meet the prescribed requirements.

In case Bidder – by its personal decision – does not record its turnover in EUR, the amount of turnover has to be converted to EUR on the basis of the exchange rate of Hungarian National Bank valid on the day of this contract notice was published.

Minimum level(s) of standards possibly required:

Concerning both lots Buyer examines whether the candidate meets the prescribed requirements.

P.1. The candidate is unfit for fulfilling the contract if its total amount of turnover originating from the activities that are parts of this procurement (production and/or sales and/or leasing holiday boats as a part of a fleet) – VAT excluded – concerning the three financial years with balance sheet dates immediately preceding the notification about commencing this procedure is under EUR 1 500 000.

III.1.3) Technical and professional ability

List and brief description of selection criteria:

Buyer arranges the control of meeting the minimal requirements in two stages. Buyer is obliged to accept the declaration found in the European Single Procurement Document as the preliminary verification of the requirements. In case of joint participation each of the participants and organizations attesting competence is required to submit a separate European Single Procurement Document. Prior to making final decision on the result of this procedure Buyer – according to Article 69(4) of the Hungarian Procurement Act – notifies all the participants to submit all the certificates needed.

Buyer calls attention to the application of the following provisions: Article 24(1) of the Hungarian Government Regulation 321/2015 (X.30.) and Articles 65(6)-(7) of the Hungarian Procurement Act.

Buyer calls attention to the content of Article 65(9) of the Hungarian Procurement Act.

Means of certification:

Concerning both lots:

M.1. According to Article 21(1)(a) of the Hungarian Government Regulation 321/2015 (X.30.) the candidate is required to list its most relevant sales that were completed in accordance with contracts and regulations and were realised in three years (36 months) or started within six years immediately preceding the dispatch of this contract notice starting the procurement procedure. The list is required to be supported by the declaration of other organizations attesting competence or the certificate of fulfilment issued and signed by the other contracting party according to Articles 22(1)-(2) of the Hungarian Government Regulation 321/2015 (X.30.).

The certificate or declaration is required to contain at least the place and date of delivery (start and finish dates - month/year), the name of the other contracting party, the subject of the contract (type and amount) and a declaration that fulfilment happened in accordance with the contract and regulations. Any possible further information on the other mandatory elements of the certificate or declaration can be found in the supplementary documents of the procurement. Minimum level(s) of standards possibly required:

Concerning both lots Buyer examines whether the candidate meets the prescribed requirements.

M.1. The candidate is unfit for participation in case of not having the following sales realised in three years (36 months) or started within six years immediately preceding the dispatch of this contract notice starting the procurement procedure:

The production and/or sale of at least seven holiday boats, that Bidder advertised continuously from their placing in service at least to the date of dispatch of this contract notice starting the procurement procedure in Bidder's own sales system (with all the elements listed: own website, online reservation system and brochures in multiple languages, international distribution network) in at least one country with two base harbours with the aim of lease.

Definition of terms:

Holiday boat: A kind of boat used for recreational purposes serving as an accommodation as well, less than 15 metres long, with small water draught and a passenger capacity of 3-12 people. It is rentable as a houseboat or canal boat in Europe and its use does not require any licence in case the boat is operated as a part of a fleet on rivers, lakes and channels with little traffic.

Buyer considers that holiday boats must have the following features:

- UV protected polyester material (for easier repairing and longer life),
- monohull,
- with bow thruster helping manoeuvring,
- power driven by inboard boat engine with gasoil,
- minimum 50 HP maximum 100 HP (for 8-12 km/h speed),
- shaft line axial,
- hydraulic steering,
- thickness of the deck, hull and walls minimum 12 millimetres,
- built in battery charger minimum 25 Ah,
- generator minimum 100 Ah,
- water draught maximum 1 metre,
- length minimum 10 metres maximum 15 metres,
- air draught maximum 3.3 metres (above waterline),
- width maximum 4 metres,
- inside and outside steering position (steering from inside and from deckside too),
- for inland waterways (sweet water),
- passenger capacity minimum 2 maximum 12 people.

Fleet (of holiday boats for lease): A group of vessels containing at least 10 holiday boats (houseboats, canal boats) from the same series produced by the same manufacturer that is rentable for families, groups of friends or any other companies and are operated with the aim of lease and advertised in several countries in Europe.

Base harbour: A central harbour where the manufacturer realizes the leasing activity of the fleet of holiday boats.

International marketing: The appearance of the Hungarian holiday boat destinations/possibilities in professional multi-language brochures published annually by the international representatives of the European holiday boat tourism, on websites containing information on destinations and fleet types and in international distribution networks and online reservation systems aiming sales.

III.1.4) Objective rules and criteria for participation

III.1.5) Information about reserved contracts

III.1.6) Deposits and guarantees required:

The daily measure of contractual penalty for late delivery is the 0.3% of the net purchase price of boat(s) or other services delivered late, but 10% of the net purchase price of the boat(s) or other services delivered late at the most.

The daily measure of contractual penalty for defective execution is the 0.3% of the net purchase price of boat(s) or other services affected by defective execution, but 10% of the net purchase price of the boat(s) or other services affected by defective execution at the most.

In case of services that has no defined contractual value the daily amount of contractual penalty for either late delivery or defective execution is minimum HUF 30 000, but HUF 1 000 000 at the most.

Contractual penalty for failure can be applied if the contract terminates due to a cause that the winning Bidder is responsible for. In this case its measure is 30% of the net purchase price of the 20 boats included in the sales contract.

III.1.7) Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them:

Payment is possible after successful delivery by winning Bidder followed by the confirmation of delivery by Buyer. Payment is due within 30 days after Buyer was provided the correct invoice by winning Bidder and is made by bank credit transfer according to Articles 6:130(1)-(2) of the Hungarian Act V of 2013 on Civil Code.

The currency of bidding, account and payment is EUR.

Advance can be obtained up to 80% of the net purchase price of the boats, up to 20% without giving any guarantees, the rest only with guarantees determined by the Article 134(6)(a) of the Hungarian Procurement Act. Guarantees intend to ensure the possible repayment of advance. Invoice can be issued at the delivery of boats. The advance is counted in the invoices containing the purchase price of the boats proportionally.

Concerning the price of the international marketing services invoices can be issued annually on the last day of each 12th month after starting the service.

III.1.8) Legal form to be taken by the group of economic operators to whom the contract is to be awarded:

According to the Article 35(8) of the Hungarian Procurement Act Buyer declares that establishing economic operators (project companies) in order to fulfil contract is not permitted.

III.2) Conditions related to the contract

III.2.2) Contract performance conditions:

Deadlines for delivery:

Lot No.1:

— 1 boat with 4 cabins: 01/02/2019,

— 4 boats with 2 cabins, 2 boats with 3 cabins and 3 boats with 4 cabins: 01/05/2019.

Lot No.2: concerning all of the boats within 12 months after the contract enters into force.

The currency of bidding, account and payment is EUR.

Advance can be obtained up to 80% of the net purchase price of the boats, up to 20% without giving any guarantees, the rest only with guarantees determined by the Article 134(6)(a) of the Hungarian Procurement Act. Guarantees intend to ensure the possible repayment of advance. Invoice can be issued at the delivery of boats. The advance is counted in the invoices containing the purchase price of the boats proportionally.

Concerning the price of the international marketing services invoices can be issued annually on the last day of each 12th month after starting the service.

III.2.3) Information about staff responsible for the performance of the contract

Section IV: Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated procedure with prior call for competition

IV.1.3) Information about a framework agreement or a dynamic purchasing system

IV.1.4) Information about reduction of the number of solutions or tenders during negotiation or dialogue

IV.1.6) Information about electronic auction

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: no

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

IV.2.2) Time limit for receipt of tenders or requests to participate

Date: 18/05/2018

Local time: 10:00 AM

IV.2.3) Estimated date of dispatch of invitations to tender or to participate to selected candidates

Date: 02/07/2018

IV.2.4) Languages in which tenders or requests to participate may be submitted:

Hungarian

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 2 (from the date stated for receipt of tender)

IV.2.7) Conditions for opening of tenders

Section VI: Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: no

VI.2) Information about electronic workflows

Electronic payment will be used

VI.3) **Additional information:**

1. Registration data is required to be sent to e-mail address kozbeszerzes@tendersoft.hu or to telefax +36 17002021 after reaching and downloading the electronic procurement documents. Registration data: name, address and tax identification number of the organisation responsible for reaching and downloading the electronic procurement documents, phone number, telefax number and e-mail address of the contact person.

2. Grounds for refusal concerning both lots are the following:

Economic operators involved in any of the grounds for refusal determined by Articles 62(1)-(2) of the Hungarian Procurement Act cannot apply as participants or subcontractors in the procurement procedure and cannot attest competence. Participants are required to verify that none of the grounds for refusal apply by submitting a European Single Procurement Document. In case of joint participation each of the participants is required to submit a separate European Single Procurement Document. An applicant notified to submit verifications according to Article 62(4) of the Hungarian Procurement Act is required to verify that none of the grounds for refusal apply determined by Articles 8-14 and 16 of the Hungarian Government Regulation 321/2015 (X.30.). In case of subcontractors the process of verification is detailed by Article 15 of the Hungarian Government Regulation 321/2015 (X.30.). Other regulations applied: Articles 64, 69(7), 74(1)(b) of the Hungarian Procurement Act, and Articles 3(3), 18(1) of the Hungarian Government Regulation 321/2015 (X.30.).

In case there is a notification of change in progress applicant is required to attach the submitted documents of the procedure to the offer and also the confirmation of the Commercial Court. If there is no such thing in progress a negative assurance is needed.

3. During the evaluation of offers the maximum points given for the content of each evaluation criterion is the same: 0 to 10 points.

4. The method of evaluation is the following:

Price criterion: inverse scaling.

Quality criteria:

No.1 quality criterion: direct scaling: the optimal level of commitment, for which and for all the more favourable offers maximal points is given by Buyer: 12 months.

No.2 quality criterion: direct scaling: the optimal level of commitment, for which and for all the more favourable offers maximal points is given by Buyer: 10 years.

5. Submitting requests for participation and offers are expected to be done non-electronically.

6. According to the decision of Buyer giving offer guarantees is not required for participation in this procurement procedure.

7. All the deadlines in this contract notice refer to Hungarian local time.

8. In this procurement procedure Buyer does not apply the inefficiency cause defined by Article 75(2)(e) of the Hungarian Procurement Act.

9. Methods of verification and conditions determined by III.1.2) and III.1.3) are stricter than the conditions for the enrolment to the registry of qualified suppliers.

10. Name and registration number of the Independent Accredited Public Procurement Expert: dr. Benkó Ádám, 00078.

11. Buyer reserves the option to end the procurement procedure after receiving the first offers without negotiation with the judgement and evaluation of the submitted offers.

12. Buyer makes the success of Lot No.1 in this public procurement and the contract's entry into force conditional upon the following factors (conditional public procurement):

The grant contract with MAHART Zrt. determined by Article 4 of the Hungarian Government Decision 1870/2017 (XI.29.) has to be concluded and the funds for financing the Project in 2018 provided by Article 5 of the Hungarian Government Decision 1870/2017 (XI.29.) have to be available for MAHART Zrt.

13. Buyer makes the success of Lot No.2 in this public procurement and the contract's entry into force conditional upon the following factors (conditional public procurement):

The funds for financing the Project in 2019 provided by the Hungarian Government Decision 1870/2017 (XI.29.) have to be available for MAHART Zrt.
